Looking after what's most important

bupa.co.uk/schoolscheme

The subscription rate is £70 per child each term and applies for membership year 1 September 2016 to 31 August 2017. This subscription rate includes Insurance Premium Tax (IPT). Bupa reserves the right to vary subscriptions during a contract year if the rate of IPT changes.

Taking care of your child at school

As a parent, you want the best for your children. You want them to benefit from the best education and life experiences, and also to be healthy whilst they grow and learn. It's not always possible to know exactly what the future has in store, so it can be reassuring to know that your child will have access to quality healthcare and eligible treatments should they need it.

This scheme also provides UK-wide cover outside of school hours and during the school holidays. This cover is provided on a non-underwritten basis, meaning that even if your child has already had an illness or condition, they'll be covered providing that illness or condition is eligible under the membership rules.

Full membership rules can be found online at bupa.co.uk/schoolscheme

What does Bupa Schools Scheme cover**?

- Hospital charges for eligible in-patient and day-patient treatment at Bupa participating facilities.
- Consultants fees for eligible out-patient consultations, as well as in-patient and day-patient treatments when using a consultant who charges within our limits.
- Diagnostic tests at Bupa participating hospitals.
- Eligible out-patient therapies, including physiotherapy (£650 limit per membership year).
- Cancer treatment. All costs are paid in full for eligible treatment when using a Bupa recognised facility and a consultant who has agreed to charge within Bupa benefit limits.
- Eligible mental health and wellbeing services including up to a maximum of 45 days for eligible mental health in-patient treatment per membership year.
- Eligible home nursing benefit following eligible in-patient treatment (£600 limit per membership year).
- NHS cash benefit** (up to 35 nights per membership year for in-patient treatment, at a rate of £25 per night).

Remember, it's strongly recommended that you get any proposed treatment pre-authorized by speaking to Bupa first.

*Bupa Schools Scheme only covers your child for eligible treatments. Your child would not be covered to see a consultant for treatment relating to learning, behavioural and developmental problems for example.

**NHS cash benefit is when your child has in-patient treatment on the NHS which would have otherwise been covered by their policy.

Helping you look after your child

Bupa Schools Scheme has been created with the needs of young people and families in mind.

- We understand how important it is for a parent or guardian to be close by when a child under 16 needs in-patient treatment, which is why we'll pay for them to stay at the hospital. There's no need for the parent or guardian to be a Bupa member to benefit from this.
- Your child will only ever be treated by consultants approved by us so you can be safe in the knowledge that they receive the standard of care they need.
- We believe in taking a joined-up approach to your child's care. This means they'll be covered from their very first consultation to eligible hospital treatment, and if medically necessary, home nursing (within the UK, including on-site at a UK boarding school) following private eligible in-patient treatment.

Arranging cover for your child

What isn't covered by Bupa Schools Scheme

This scheme has been designed to cover your child for treatment related to illness or injury – it hasn't been designed to cover chronic conditions. Chronic conditions are any disease, illness or injury that are longstanding in nature, usually have no known cure and continue indefinitely. This includes conditions such as diabetes and asthma.

Some other exclusions include:

- seeing a private GP
- treatment for conditions arising from ageing or puberty
- convalescence
- routine health checks and dental treatment
- treatment relating to learning, behavioural and developmental problems
- sleep-related breathing disorders
- overseas treatment or repatriation
- intensive care, except when routinely needed after planned private treatment

Please note: full details of exclusions can be found in your membership guide. Please remember to check the terms and conditions of cover to ensure that you know what is covered under the child's policy, and any restrictions that may apply. This information can be found online at bupa.co.uk/schoolscheme.

How to claim

1. What should I do if my child's GP refers them for further consultation or treatment?

Should your child need to see a consultant, please ask their GP to refer them to a Bupa recognised consultant who has agreed to charge within Bupa benefit limits and has admitting rights to a Bupa participating facility.

If your child needs to see a therapist or complementary therapist, please ask their GP to refer them to a Bupa recognised practitioner.

To find out more about recognised consultants, recognised practitioners, benefit limits and participating facilities, either speak to a member of our team on 0345 300 8203* or request a membership guide from your child's school. More information can also be found at bupa.co.uk/schoolscheme

2. What happens when I call Bupa?

It is strongly advised that you speak to Bupa on 0345 300 8203* to pre-authorise before undergoing any proposed treatment.

When you speak to us to pre-authorise your child's proposed consultation or treatment, we will need to confirm:

- that your child's consultant, therapist or complementary practitioner is Bupa recognised
- that your child's proposed treatment is covered by your policy, and whether any other benefits are available

You may also have to complete a claim form before we provide you with a pre-authorisation number. Please show this number to the practitioner they've been referred to, as well as details of their Bupa membership.

3. What if my child needs out-patient tests or treatment?

If your child's GP recommends out-patient tests or treatments, please contact us to confirm whether they are covered and to determine if any other benefits are available. We'll give you a new pre-authorisation number if one's required.

4. What if my child has to go into hospital?

Before their admission, please call us to make sure that their treatment is covered and whether there are any other benefits available. We will also help you choose a Bupa participating facility and issue a new pre-authorisation number. When you go to the hospital, please take this number and details of your child's membership with you.

5. What happens when my child leaves hospital?

We'll settle the eligible medical and hospital bills covered under your child's membership, subject to policy limits and eligibility criteria. You pay for any personal expenses during their stay such as guest meals or newspapers.

If the consultant recommends home nursing or out-patient treatment after your child's stay, please speak to us to confirm your child's cover and whether there are any other benefits available.
