

From the Curriculum Director: Mr OT Lomax

TO PARENTS OF BOYS JOINING THE FOURTH YEAR

10th March 2020

Dear Parents,

PREFERENCE FOR FOURTH YEAR SUBJECTS for September 2020

The purpose of this letter is to introduce the curriculum which your son will be following in his fourth and fifth years in the school, culminating in the main GCSE examinations in the summer of 2021. The curriculum contains both compulsory and optional subjects. On the basis of the information in this letter and discussions with your son, you need to choose your son's preferences for languages, the sciences and optional subjects.

You should have received a link to an online form. Please complete this online form as soon as possible. The online form provides room for you to comment if you wish.

The choice to be made

In a nutshell, your son can express a preference for either **three** or **four** optional subjects. If he selects four optional subjects he has to study the sciences on a more limited basis leading to Double Award Science GCSE. This choice is based on a pupil's interest in science since the double award scientists spend fewer periods per week studying science. This allows double award scientists to be timetabled an additional optional subject for GCSE. This combination is likely to appeal to pupils who are more inclined towards the arts side, though it might also be the case that a broad arts-based curriculum is ideal at GCSE level for someone who will later turn out to be a devoted scientist. Alternatively, your son might express a preference for three optional subjects, and pursue the sciences to GCSE as separate subjects. If, at this stage, your son intends to take two or more sciences throughout the sixth form, he would be advised to take advantage of the separate science option, though there may be exceptions to this for boys who are particularly able. Further detail regarding science options is given in the Middle School Curriculum document referred to below. Within the four option choices which double award scientists make they must study at least one of History and Geography (they may study both).

In order to ensure breadth, we do not allow boys to choose both Electronics and Computer Science.

Please contact me if you would like further information, or if you wish to discuss your son's choices. We are always willing to consider variations to the usual pattern when they are clearly in the interests of a pupil. On the other hand, you will appreciate that we offer nearly 200 pupils a large number of different possible

subject combinations in only three or four blocks of time. Most combinations are possible, although unusual combinations may prove to be impossible to timetable. In two or three cases a year we have to ask boys to choose again; that is why we call them 'preferences' rather than 'choices'.

I should also emphasise the importance of letting me know directly of any changes. The new combination of subjects might prove impossible to arrange. The 'Middle School Curriculum September 2020' document may be downloaded via a link from the Abingdon curriculum page (<http://www.abingdon.org.uk/curriculum>). Included in the document is detail on each Middle School subject.

Outline of the Fourth and Fifth Year Curriculum

Compulsory Subjects:	Fourth Year (lessons per fortnight)	Fifth Year (lessons per fortnight)
English and English Literature	6	6
Mathematics	5	6
Biology	5(DA:3or4)	5(DA:3or4)
Chemistry	5(DA:3or4)	5(DA:3or4)
Physics	5(DA:3or4)	5(DA:3or4)
Main MFL (French, German or Spanish)	5	5
Personal, Social and Health Education	1	
Physical education	1	1

Optional Subjects: Separate scientists choose three Double award scientists choose four		
Geography	5 for each	5 for each
History		
Religious Studies		
Latin		
Ancient History		
Second languages: German, French, Spanish, Mandarin Chinese		
Greek		
Electronics		
Computer Science		
Music		
Art		
Design & Technology		
Drama		

Specific notes on particular options

DRAMA AND THEATRE ARTS

One or two Sunday rehearsals in the academic year are necessary to prepare for exam performances. Visits to the theatre form an important part of the course, often outside normal school hours, and the costs of these are charged to parents' end of term bills.

MODERN LANGUAGES

Any pupil intending to take a language to GCSE must have studied that language in the 3rd year, unless he has thorough previous knowledge of the subject. This would need to be assessed in a test prior to choosing 4th Year options.

MUSIC

Boys should discuss their suitability for Edexcel GCSE Music with a member of the full-time music staff. All boys who take this option will be practising musicians who are of a minimum standard of about ABRSM grade 3 to 4 on one instrument (or singing) at the start of the course.

Do contact me if you wish, by phone or by e-mail.

Yours faithfully,

Oliver Lomax – Curriculum Director
