

From Head of Sailing: Ben Simmons

24 April 2020

Dear Parent/Carer,

Abingdon Sailing Club Online RYA Training Courses

In light of the current situation and the move to teaching online, Abingdon's Sailing club is delighted to be able to offer a range of RYA online courses. The training programmes we are able to offer are

- 1) RYA Essential Navigation and Seamanship Course
- 2) RYA SRC VHF Course and Exam
- 3) RYA Safe and Fun Safeguarding Course

Further detail on these courses is outlined below. In order to sign up please follow the link at the bottom of this letter to the online form. All courses are delivered online and additionally, as Head of Sailing, Mr Simmons is able to offer any support required over email or zoom.

1) RYA Essential Navigation and Seamanship Course

Brief Overview

This course offers a great introduction to navigation and safety awareness for new or inexperienced skippers and crew, and those wanting to refresh their skills. In fact, it's for anyone interested in sailing, motor boating or diving, and works well in complementing on-the-water training, such as the Powerboat Level 2, Start Yachting and Helmsman courses. This is a good course to complete before embarking on a Day Skipper Theory Course.

Course content

Charts and publications, safety, engine checks, buoyage, tidal awareness, visual and electronic navigation, pilotage, rules of the road, anchoring, weather forecasts, passage planning

Time Taken

Approximately 6 hours

Cost - £40

All of the materials required to complete the course are able to be sent to your house to be borrowed for the duration of the course. These include, the course textbook, a Portland plotter, a set of dividers, access to the RYA electronic chart plotter, practice charts and a copy of the Northern hemisphere almanac. An RYA certificate will be awarded to students who complete the course.

Abingdon School, Park Road, Abingdon, Oxfordshire, OX14 1DE

2) RYA SRC VHF Course and Exam

Brief Overview

The Short Range Certificate is the minimum qualification required by law to control the operation of VHF and VHF Digital Selective Calling (DSC) equipment on any British flagged vessel voluntarily fitted with a radio. This includes both fixed and hand held equipment using International channels.

Course Content

The basics of radio operation, the correct frequencies (channels) to be used, distress, emergency and medical assistance procedures, making ship to shore communication, Digital Selective Calling (DSC) using simulators, Global Maritime Distress and Safety System (GMDSS), Emergency Position Indicating Radio Beacons (EPIRB), Search and Rescue (SART).

Time Taken

4-8 hours

Cost - £30 for course and £60 for exam (if you want to do the exam)

There are two parts to this. The first part is the online course which must be taken by all candidates wishing to complete the exam. Once completed students will receive a certificate which is a pre-requisite to taking the VHF exam. The second part is the VHF exam which will be taken in the classroom once normal school resumes. An exam can only be taken once a course completion certificate has been gained. The cost of this is £60 which we have to pay direct to the RYA to cover certification with OFCOM and administration costs. Once a VHF radio licence is gained, it is valid for life and is a pre-requisite for yacht charter around the world (along with the ICC/Day Skipper).

3) RYA Safe and Fun Safeguarding Course

Brief Overview

It provides a basic level of knowledge and awareness put in the context of realistic scenarios that anyone could encounter at their club or centre. It is a requirement for all newly qualifying Level 2 Racing Coaches, Dinghy and Windsurfing Instructors and Senior Instructors to complete prior to their instructor/coach training course. They must also complete a pre-course worksheet which is accessed within the Safe & Fun course, and take that with them to the instructor course.

Time Taken

Approximately 3 hours

Cost - £10
